

Reducing Risk and Protecting Public Health through Research and Training Agenda

April 3-4, 2008 • Natcher Conference Center, NIH • Bethesda, MD

Thursday, April 3, 2008

mursuay, i	April 3, 2006		
8:00 – 9:00	Registration/Continental Breakfast*	Foyer	
9:00 – 9:30	Welcome	Auditorium	
	Bill Suk, Acting Deputy Director, NIEHS		
9:30 – 10:15	Keynote Address	Auditorium	
	Philip J. Landrigan, Professor and Chairman, Department of Con Preventive Medicine; Professor of Pediatrics, Director, Children's Health Center, Mount Sinai School of Medicine	,	
10:15 – 10:45	Program Overviews	Auditorium	
	Joseph "Chip" Hughes, Director, Worker Education and Training	d Training Program	
	Claudia Thompson, Acting Director, Superfund Basic Research Pr	rogram	
10:45 – 11:15	Break	Foyer	
11:15 – 12:15	The Future of Risk Assessment: Community-Based Cumulative Risk Assessment	Auditorium	
	Mike Callahan, MDB, Inc., Defining Cumulative Risk		
	Robert Bullard, Clark Atlanta University, The Importance of Cumul Community Perspective		
	Pamela Tucker, ATSDR, Chronic Stress as a Risk Modifier in Cumula ATSDR's Activities in Superfund	ıtive Risk:	
	Lee Hofmann, EPA, Changing the Risk Assessment Paradigm: EPA's Cumulative Risk	Activities in	
12:15 – 12:30	Charge to Breakout Groups	Auditorium	
	Donald Elisburg, National Clearinghouse		
12:30 – 1:30	Lunch and Poster Session	Atrium	

^{*} Note: No food or beverage will be permitted in the Auditorium.

Breakout Session 1 – Preventing Exposure through Research and Training

Room F1/F2

Session Co-chairs: David Osterberg, University of Iowa and Craig Slatin, University of Massachusetts, Lowell

- Vicky Persky, University of Illinois (University of Iowa SBRP), Communicating the Risks of Lead in Demolition Work
- John Morawetz, International Chemical Workers Union Council, Worker Health and Safety Considerations When Setting Acute Exposure Guidelines: A Case Study
- Ron Snyder, Hazardous Materials Training and Research Institute, *Using Haz-Map in Training to Prevent Occupational Exposure*
- Clem Furlong, University of Washington, *Biomarkers of Exposure to Volatile Organics*

Breakout Session 2 – Bridging the Gap: Dialogue, Communication and Partnerships

Room E1/E2

Session Co-chairs: Linda Delp, UCLA and Madeleine Scammell, Boston University

- Madeleine Scammell, Boston University, Communication is Mutual: The Boston Consensus Conference on Human Biomonitoring
- Kizetta Vaughn, CPWR, The Center for Construction Research and Training, The Minority Worker Training Program: A Model Environmental Job Training Intervention
- Mark Catlin, Service Employees International Union Education and Training Fund, Worker Trainer Model to Communicate Occupational Health Risks to Health Care Workers
- Lisa Gaetke, University of Kentucky, Providing Nutrition Information for Health Care Professionals in Superfund Communities

Breakout Session 3 – Clean-up, Green-up, and Nano-technologies: Emerging Issues in Remediation, Clean Production and Engineered Nanomaterials

Room D

Session Co-chairs: Jay Gandolfi, University of Arizona and Bruce Lippy, The Lippy Group

- Upal Ghosh, University of Maryland, Baltimore County, Remediation of Contaminated Sediments: Current Challenges and Emerging Technologies
- Dibakar Bhattacharyya, University of Kentucky, Nanotechnology for Treatment of Contaminated Water
- Bruce Lippy, The Lippy Group, Health and Safety of Nanotechnology
- Joan D. Plisko, Maryland Hospitals for a Healthy Environment, *Improving Patient*, *Worker*, and *Community Health: Examples from Maryland Hospitals*

Report Back from Breakout Sessions

Auditorium

5:30 – 7:00 Reception/Poster Session

5:00 - 5:30

Atrium

Friday, April 4, 2008

i ilday, Api	11 4, 2000	
7:30 – 8:30	Registration/Continental Breakfast*	Foyer
8:30 – 9:30	Keynote Address	Auditorium
	John Howard, Director, National Institute for Occupational Safet	y and Health
9:30 – 10:30	Using Research to Protect Disaster Site Workers	
	Session Co-Chairs: Margaret Karagas, Dartmouth College and Ji WETP	im Remington,
	Alison Geyh, Johns Hopkins University, Monitoring and Sur Disaster Responders: A Case Study	rveillance of
	• Dori Reissman, NIOSH, HHS, Deployment Safety and Health Protection and Recovery for Federal Responders	: Preparedness,
	Cliff Mitchell, Maryland Dept. of Health and Mental Hygie of Workers Responding Under the National Response Framework	
10:30 – 10:45	Break	Foyer
10:45 – 12:00	Concurrent Sessions:	
	Breakout Session 1 – Exposure Assessment and Data Capture	Room C1/C2
	Breakout Session 2 – Deployment Readiness	Room G1/G2
	Breakout Session 3 – Knowledge Transfer and Information Management	Room D
	Breakout Session 4 – Medical Surveillance and Biomonitoring	Room A
12:00 – 12:30	Report Back from Breakout Sessions	Auditorium
12:30 – 1:00	Wrap-Up/Closing Remarks	Auditorium
	Gerald Poje, Independent Consultant, formerly with the U.S. Ch Board and NIEHS	emical Safety
